

I do not want to lose K-Love 88.7 in my area. It is the only station I have found that I really enjoy with the positive message it has. I have benefitted from this station greatly since my divorce. I have a teenage daughter that I don't have to worry about what she will hear on this station. I have several friends that listen to this station exclusively, as so I. Some areas do not have the opportunity to hear a great station like this if not for stations that can transmit in from other areas. I know for me, my family and friends it would be a great loss. Also, for the people that have not had the benefit of hearing it yet and receiving the inspiration it provides. Many people have had their lives changed because of things they have heard or received from K-Love. Thank you.
